DETAILED ACTION

1. New claims 16-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

New claim 16, "the rearward movement of the tow vehicle" lacks antecedent basis.

Additionally, "the trailer wheels" lacks clear antecedent basis.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 16-19, as newly presented and as best understood, are rejected under 35 U.S.C. 102(b) as being anticipated by McGrew.

Note body 22+, axle 12, wheelset 14+, rigid towbar 76,82+ pivotally attached to the front end 88 of the body, and tow vehicle 138 configured to dump via rearward movement as broadly claimed and as best understood – see figures 7-9 etc.

Claim 17, the tow bar is connectable as broadly claimed.

Claim 18, at least bracket 80 is additionally fairly readable on a portion of the tow bar as broadly recited. The bend between elements 80 and 76 of the tow bar at junction 78 would define an out-of-plane bend as broadly claimed.

Claim 19, the device is designed to remain in a horizontal fixed position to prevent unintended dumping. At least elements 92+ would define a locking means as broadly claimed.

4. Applicant's arguments with respect to the newly presented claims have been considered but are moot in view of the new ground(s) of rejection.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
